

SIZES

Foot length is measured with the subject standing barefoot and the weight of the body equally distributed on both feet.

The size of the left and right foot is often slightly different - in this case measure both feet and the shoe size is based on the larger foot.

Mondopoint is based on the mean foot length (A) for which the shoe is suitable, measured in millimetres.

The width of a foot (B) is also measured in mm.

Shoe lengths (A)

Mondopoint*	225	232	240	247	255	262	270	277	285	292	300	307
EUR	36	37	38	39	40	41	42	43	44	45	46	47
